Step-by-step

Step	What to do	Practical guidance

1	Open the form	Use the link or QR code. Application link: https://www.cognitoforms.com/Scatec1/SolutionsTrustCommunityLedInitiativesEnabler
2	Check the call fit	Confirm the proposal is for this call. If not, use the other Solutions Trust call instead.
3	Complete applicant details	Enter organisation details, contact person and contracting/fiscal sponsor details where relevant.
4	Describe the need	Explain the problem, who is affected, and what evidence shows the need exists.
5	Describe the intervention	Explain what will be done, where, with whom, and what will change.
6	Complete beneficiary and inclusion questions	Show who will benefit and how beneficiaries will be selected fairly.
7	Add implementation, monitoring and budget information	Give activities, timelines, outputs, outcomes, key indicators, budget and cash flow.
8	Upload documents	Upload all mandatory documents. If a non-essential document is not ordinarily produced, explain this where the form allows.
9	Review and submit	Check all responses, confirm declarations and submit before the closing date.

Common mistakes to avoid

- Submitting training activities without showing the pathway to a real outcome.
- Giving broad descriptions of beneficiaries without explaining how they will be selected.
- Leaving the budget and implementation plan too vague.
- Not uploading evidence of previous work, references or required compliance documents.
- Using the wrong call. Check the other Solutions Trust call if your proposal does not fit this one.
